INTRODUCTION

THE SELF HELP PROGRAM

Self-help housing is just as it sounds, participants working together to build their own homes. This cooperative effort is a direct application of the church and barn raising traditions of pioneering rural Americans. Self-help participants, working in groups, supply the necessary labor to build their homes, having qualified for mortgage financing to purchase land, building materials, and some subcontracted work on the more technical items. A private nonprofit corporation, public body, a federally recognized Tribe, or rural town can obtain a grant from U.S. Department of Agriculture (USDA) Rural Development to hire skilled staff, rent office facilities, pay for mileage, and purchase tools. This staff then works with the participants by providing the assistance and training necessary to fulfill the goals of the self-help housing program. The program is described in more detail below.

With the assistance of the skilled staff, a group of generally 4 to 10 households is formed. Once the grant is completed, at least 40 percent of the total participants served should be in the very low-income category. The balance of the participants must be in the low-income category. The participants select lots, house plans, (or in the case of purchase/repair programs, locate a suitable home) and apply for individual mortgage loans. While participants await loan approval, the group studies the responsibilities of homeownership, construction techniques, tool usage, safety, homeowner's insurance, taxes, home maintenance, and money management. This time is known as the pre-construction stage.

Once the loans are approved and closed, the group begins to build under the guidance of a skilled construction supervisor. The participants must complete a minimum of 65 percent of the construction labor tasks until the group of homes is completed; usually the more technical work such as electrical, plumbing and HVAC is subcontracted out. The construction stage lasts from 6 to 12 months, depending on the size of the group and other factors. Participants work during their spare time (evenings, weekends, and days off) so as not to interfere with the regular household employment. Rural Development loans feature fixed interest rates ranging from 1 percent to the current market rate, depending on the household's adjusted annual income. The repayment period is 33 or 38 years, and no down payment is required.

RURAL DEVELOPMENT

Rural Development is an agency of USDA. The Rural Development mission is to help rural Americans improve the quality of their lives. Rural Development helps rural communities meet their basic needs by:

- Building water and wastewater systems.
- Financing decent, safe, sanitary and affordable housing.
- Supporting electric power and rural businesses, including cooperatives.
- Supporting economic and community development with information, technical assistance and funding.

Rural Development has been providing the funds for the self-help housing program since the late 1960s. They provide Section 523 self-help grants to eligible entities to start and implement the program and they thoroughly review the self-help application before a grant is awarded. When a grant is awarded, Rural Development is agreeing that there is a need for self-help housing in the area; the approved applicant is suited to administer a self-help housing program; the proposed plan, budget and schedule are feasible; the house plans meet local, state and Rural Development building codes; adequate building sites are available; the necessary project elements are in place; and Rural Development is ready to provide the requested financial resources necessary to make the project work. Technical assistance grant funds provided to self-help grantees by Rural Development do not have to be repaid. It is an investment Rural Development is willing to make in order to see self-help housing work.

Rural Development will continue to monitor and provide oversight in the areas of construction and administration, through quarterly meetings, construction inspections, and participant accounts throughout the term of the grant.

In most cases Rural Development provides another important ingredient to the self-help program; construction/permanent financing in the form of a Single Family Housing Direct Home Loan (Section 502). They are independent of private or conventional lending institutions; the financing is directly between Rural Development and the borrower. While labor and construction are group efforts, each applicant must qualify and obtain a loan individually from Rural Development. Rural Development's function as a lender is significant because private credit institutions in rural areas are relatively few in number, smaller, and often impose more rigid terms which can be a barrier to homeownership.

RURAL DEVELOPMENT OFFICES

Rural Development usually operates from four levels: national, state, area and local. The National Rural Housing Service Administrator in the National Office and the State Directors are politically appointed—all others are federal civil service employees.

Rural Development National Office

The Rural Development National Office is responsible for developing policy and interacts with Congress for legislation, development and program funding. The National Office also obligates and monitors all Section 523 self-help grants. The program staff at the national level maintain reports and statistics on operating self-help organizations and projected needs for funding. The National Office has a separate Appeals Division that hears appeals on actions unresolved at the state level.

Rural Development State Office

The State Office has the approval authority over smaller Section 523 Self-Help grant applications up to \$300,000. Section 502 home loan funds are allocated on a state-by-state basis and the State Office allocates the 502 money based on a state Rural Development formula. There are additional staff members who are key to the operation of a self-help program located in many State Offices:

- Rural Development State Director
- Rural Housing Program Director
- Rural Development Housing Specialist

Rural Development Area Office

The Rural Development Area Director is typically responsible for the Section 523 grant. In some states however, the grant monitoring has been retained at the State Office level with the Single Family Housing Program Director or it has been assigned to the Local Office. In any case, the Rural Development grant manager is responsible to ensure that the grant is operated effectively and in accordance to regulations. Rural Development will evaluate the Section 523 self-help agencies on a quarterly basis and review grant applications for new and on-going programs.

Rural Development Local Office

Within this office, the Area Specialist is typically responsible for making the Section 502 home loans to participating applicants of each self-help group. He or she will be responsible for monitoring the 502 loans and will also be the co-signer on the participant's Supervised Bank Accounts and will process the draws.

They are the personnel who will convert the loans to permanent once the final inspection (RD or qualified third party) has been completed; or the local jurisdiction issues a Certificate of Occupancy; or the new or repaired dwelling becomes occupied.

THE RURAL DEVELOPMENT SECTION 502 SINGLE FAMILY DIRECT HOME LOAN

Many applicants that participate in the self-help housing program use Rural Development's Section 502 home loan program to finance their homes. Section 502 loans are only available for homes in eligible rural areas as defined by USDA <https://eligibility.sc.egov.usda.gov/>.

In order to qualify for a Section 502 loan, prospective self-help applicants must meet Rural Development income eligibility requirements as low-income or very low-income. They must be credit-worthy, have repayment ability for the loan requested, and be unable to secure credit from other sources. These income standards, established by the U.S. Department of Housing and Urban Development and adopted by Rural Development, are subject to local variation and periodic change. Current information on income standards and eligibility requirements for Section 502 loans is available at Rural Development local offices or online at <https://eligibility.sc.egov.usda.gov/>.

The repayment period for the Section 502 loan is either 33 or 38 years, and the interest rate is between 1 percent and the current market rate. The actual rate of interest the borrower pays depends on the borrower's income, as does the loan term. If a borrower is eligible to pay less interest than the market rate, the borrower then receives a subsidy called "payment assistance." The amount of payment assistance a borrower receives is determined by the loan amount, loan period, and the household income. The assistance makes up the difference between the full loan interest rate and the interest rate the participant pays. A portion of this subsidy must be repaid at time of sale or loan payoff based on equity, time, etc.

During home construction, Section 502 funds are advanced from the Rural Development finance office in St. Louis and disbursed by the local offices to the self-help grantee. Grantees prepare the drawdowns and checks for each participant's account as needed to purchase materials for different phases of construction. Note that the participant's loan payments are deferred during construction.

When construction is complete and all the necessary funds have been withdrawn from a participant's account, Rural Development's finance office sends payment books/payment coupons to the participant. The participant's first loan payment is due within 30 days of conversion (termination of deferred payments). Payments then go directly to Rural Development's National Servicing Office in St. Louis.

THE 523 MUTUAL SELF-HELP HOUSING TECHNICAL ASSISTANCE GRANT

In order to enable organizations to operate a mutual self-help housing program, Rural Development provides grant funds to operate and oversee the program. Each technical assistance (TA) grant is usually for a period of up to two years, and is available to public and private nonprofit organizations, federally recognized Tribes and units of state or local government. The amount of grant funds an organization can receive is based primarily upon how many houses they build in a grant period. An organization can generally receive up to 15 percent (based on a formula) of the average cost of a new home financed under the 502 Program in its area, for every home they are planning to build.

Activities that are allowable uses of Section 523 technical assistance grant funds include:

- Recruit eligible households to participate in the self-help program.
- Hold training meetings with participants on the self-help process and homeownership topics such as mortgages, insurances, taxes, and maintenance.
- Assist participants to obtain and develop building sites; obtaining or creating Rural Development-approved house plans and helping participants select theirs.
- Help participants bid and select building supplies and subcontractors; train participants in construction techniques and provide construction supervision.
- Supervise participant Section 502 loan accounting, including:

- Totaling invoices and itemizing payments to suppliers and subcontractors.
- Maintaining records of deposits and withdrawals.
- Preparing checks (accompanied with invoices and statements).

Disallowed activities using Section 523 Technical Assistance grant funds are:

- The use of any TA funds to pay staff to provide labor on the houses
- Purchasing any real estate or building materials for participating families
- Paying any debts, expenses or costs that should be the responsibility of the participating families
- Any lobbying activities as prohibited in 2 CFR 200 subpart F.

THE T&MA CONTRACTORS

In 1979, appropriations language was changed to authorize the use of Section 523 grant funds to contract for technical assistance to self-help grantees. Currently there are four Technical and Management Assistance (T&MA) Contractors.

Rural Development contracts with these groups to assist operating and potential self-help housing grantees across the country. This assistance comes in the form of staff and board training, grant management, development of applications, 502 loan program and processing training, newsletters and conferences, among other services. These services are provided at no cost to the grantee.

The four contractors are:

- Florida Non-Profit Housing - covering Region I, the Southeast, including the states of AL, FL, GA, MS, NC, SC, TN, Puerto Rico and the Virgin Islands.
- LIFT Community Action Agency, Inc. – covering Region II, the South Central US, including the states of AR, KS, LA, MO, ND, NE, NM, OK, SD, TX, WY.
- NCALL Research, Inc. – covering Region III, the Northeast and Midwest, including the states of CT, DE, IA, IL, IN, KY, MA, MD, ME, MI, MN, NH, NJ, NY, OH, PA, RI, VA, VT, WI, WV.

- Rural Community Assistance Corporation (RCAC) – covering Region IV, the Western US, including the states of AK, AZ, CA, CO, HI, ID, MT, NV, OR, UT, WA, and the Western Pacific.

SELF-HELP TRAINING GUIDES AND HANDBOOKS

The T&MA Contractors have produced a variety of training materials for the purpose of assisting grantees and training grantee staff. The following is a list of the available self-help guides and handbooks. Please contact your T&MA Contractor for a copy or for more information.

Orientation Guide

Welcome to the USDA Rural Development’s Self-Help Housing Program! Have you heard of the program but weren't sure if it would be a good fit for your agency? This guide provides an overview of self-help housing. From eligible entities to grantee responsibilities and how to determine your technical assistance grant amount, this will help you have a better understanding of the program and its requirements.

Boards of Directors Governance Guide

Boards of Directors play a critical role in the success of any non-profit organization. With this in mind, the Board of Directors Training Guide was designed for use by board members of any housing agency. It is an informational resource that may be used as a training tool and can provide new insights and a clearer understanding of nonprofit organizations, board meetings and operations, agency planning, administration of agency personnel, teamwork, orientation for new board members, federal accounting requirements, and agency activities.

Program Director Handbook

It is the responsibility of the Program Director or Executive Director to administer a successful self-help housing program. This handbook takes a general look at the process of managing a self-help program as well as providing specific information on required reports, program criteria, grant and financial management, personnel, and fair housing.

Construction Supervisor Handbook

The Construction Supervisor Handbook discusses the roles and responsibilities of the construction supervisor as it relates to self-help housing. This handbook covers aspects of the construction supervisor’s job; from construction specifications, house plans, schedules, bill

paying procedures, to group motivation. Insight is provided on how the self-help program operates and what is expected from the construction supervisor.

Group Coordinator Training Handbook

Group Coordinators are central to the self-help program throughout the self-help participant's involvement from recruitment through construction and move-in to the completed homes. This handbook provides guidance for the group worker in maintaining effective communication and relationships within the group of self-help participants throughout the self-help process.

Financial Management Handbook for Federally Funded Organizations

The purpose of the financial management handbook is to aid new and operating self-help grantees with the development of financial management systems and policies that are compatible with the fiscal responsibilities set forth by the funding agency (Rural Development) and the Office of Management and Budget (OMB). While self-help housing programs that have been operating for many years may have sophisticated financial systems and policies, others are lacking written, established financial procedures that assure proper internal controls.

Individual Borrower 502 Loan Accounts Handbook

The self-help housing grantee is responsible for keeping an accurate account of the disbursements of funds from the individual self-help family's loan accounts. Rural Development Instruction 1944-I indicates that the technical assistance provided by the grantee to the families should include "providing financial supervision to individual families with Section 502 loans, which will minimize the time and effort required by Rural Development in processing borrower expenditures for materials and contract services." This handbook provides guidelines for self-help grantees to use in designing the procedures necessary for a reasonable standard of control and a system of checks and balances to protect the participants and the grantee.

Self-Help 502 Loan Guidebook

While the labor and construction are a group effort, each participant must qualify and obtain a loan individually from Rural Development. In order to qualify, a household must fall within the income guidelines set by Rural Development, must have demonstrated repayment ability, must have a good credit rating, and should have a low debt load. Because the 502 self-help loan process can be complicated for the individual, the technical assistance staff will pre-

screen participants for program eligibility and prepare the application packages for Rural Development. The Self-Help 502 Loan Guidebook will help to train the Group Coordinator or appropriate staff person in packaging these loans.

Preconstruction Meeting Handbook

Each self-help grantee is responsible for organizing participants into self-help groups, which remain together from loan processing through construction. The organization of participants into groups reinforces the "mutual" aspect of the self-help program because participants within a group are expected to work on each other's house until all houses in the group are completed. In addition to organizing participants into groups, self-help grantees are responsible for explaining the self-help concept and methodology to participants, and for educating participants about their responsibilities as self-help participants, 502 loan borrowers, and homeowners. This is achieved through a series of "pre-construction meetings" which are covered in this handbook.

Acquisition and Owner-Occupied Rehab Handbook

Although not fully utilized until 1995, the Self-Help Rehabilitation Program is permitted in RD Instruction 1944-I Self-Help Technical Assistance Grants regulation. The rehab program is a separate component than the Self-Help New Construction and is a stand-alone program. However, new construction and rehab can be operated simultaneously. Offered as either an owner-occupied or acquisition-rehabilitation element, self-help rehab offers flexibility in the program when changing market conditions make land difficult to find, tough to develop, a drop in the economy increases the housing stock, or low incomes make obtaining homes a challenge for homeowners seeking affordable housing under the traditional mutual self-help model. This handbook explains the program and regulations in detail.

Application Handbook

To receive funding, organizations are required to apply to RD. This handbook provides detailed information to assist grantees in completing each item required on the RD Checklist. Forms and samples for each section of the application are included. This handbook also includes helpful tips for accomplishing each item.

Feasibility Handbook

Deciding whether to go forward with a self-help program is a big decision with many considerations. Forming a self-help housing program is a big decision with many considerations. Forming a self-help housing program takes time, and a lot of decisions need to be made regarding program development. Does my organization qualify? Do we have the capacity to carry out the program? Is this program right for our service area? This handbook will help walk an organization through the feasibility process.

CHAPTER 1 – Introduction to SHARES

WHAT IS SHARES?

SHARES is an acronym for Self-Help Automated Reporting and Evaluation System. It is a web-based application designed to manage, track and evaluate the status of the Self-Help Housing Section 523 Grant Program as well as share this information with all parties who provide assistance to the program.

The application is divided into two distinct Modules (Files). From the SHARES Home page, you can access a Table of Contents page that includes a host of topics that provide background information on the 523 Grant Program. This background information includes the 1944-I regulations, and exhibits that govern the delivery of the Self-Help Housing program. Other topics link the user to related web sites such as those dealing with building codes or the weather across the nation. The intent was to provide the user with a ready reference to the information related to the 523 Grant Program.

The second component of SHARES is the automated application itself. The application allows the user to enter Grant related information and generate reports, including the quarterly SHARES Report. Multiple users can access the data using the internet with their web browser, though all web browsers may not be supported. This precludes the need to install the application on user computers. The data is stored in a centralized database and thus is available for reporting as soon as any updates have been saved to the database by the user entering it.

WHO CAN ACCESS SHARES?

The SHARES system is used by grantees, contractors, USDA Rural Development (RD) office staff and RD National Office staff. Security is designed so that grantees can only see and update their own grants. Contractors can only view, and update grants associated to the grantees they support. RD office staff can only view, and update grants they are set up to service. RD National Office staff can see and update all grants.

HOW IS SHARES DESIGNED?

To provide greater ease of use, the SHARES application is broken up into four major modules: Grant Module (File), Borrower Module (File), Entity Module and Report Module. SHARES is structured and designed based on the 1944-I Instructions.

Grant Module (File) – designed for users when they are reviewing, entering, or updating Grant level data or want to view all the Houses or Lots related to a Grant file. Screens (or tabs) related to the Grant

Module (file) include Grant, Grant Funds, Offices (serving that grant), Grant Reviews, Lots, Houses (delete only), Problems, Grant Metrics and Grant Comments. (Also referred to as a Grant File)

Borrower Module (File) – designed for users when they are reviewing, entering, or updating Borrower level data. Screens (or tabs) related to the Borrower Module (File) include Borrower, Dates, Borrower Funds, Lot, House, Construction, Grant (read-only) and Borrower Comments. (Also referred to as a Borrower File).

Entity Module – designed for users when they are reviewing, entering, or updating Grantee or Contractor level data. Screens (or tabs) related to the Entity Module include Entity, Address, Contacts, Individuals, and Entity Comments.

Reports Module – presents a menu from which the user can select the report they want to generate, followed by a screen to allow them to select various filters to limit the data displayed on the report selected.

WHO CAN I CONTACT FOR HELP?

To assist the Grantees in the use of the SHARES application, the USDA National Office has enlisted the help of several Technical Resource Coordinators (TRCs) from each of the four regions. The TRCs are part of the T&MA (Technical & Management Assistance) Contractor staff. They work closely with the Grantees in their region to assist them in executing the Self-Help program and the SHARES application. They can also provide additional training when necessary.

As of the publication of the document, below is a link to the names, phone numbers and email addresses of the Technical Resource Coordinators who can help you.

[List of SHARES contacts](#)

You will be required to login to gain access to the list of contacts.

Important Note: Print or PDF Print the Help Page from SHARES to keep a list of contacts available to you even when offline.

CHAPTER 2 – GETTING STARTED

WHAT IS NEEDED TO GET SHARES ACCESS?

To gain access to SHARES you must have the following:

- * Identity verified with eAuth
- * Internet Access – Broadband access is strongly recommended.
- * Any web browser.
- * Be assigned Rural Development security to your proper SHARES Role (i.e., Grantee, Contractor, RD office, RD National Office, SHARES Administrator). This will be handled through the RD National Office in conjunction with RD Security.

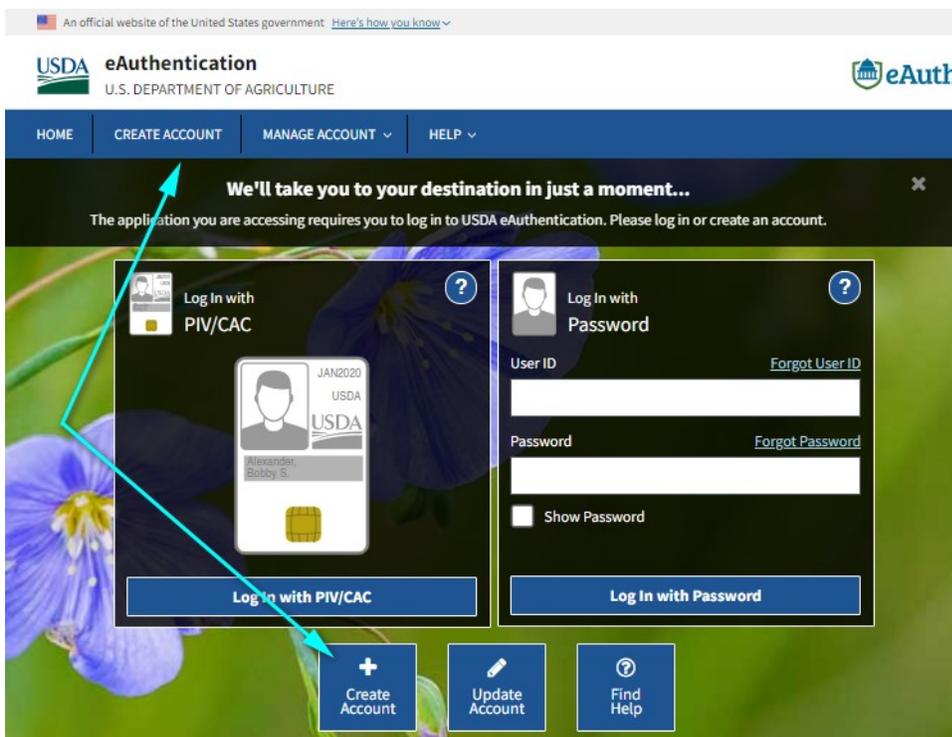

HOW TO REQUEST ACCESS TO SHARES

eAuth ID and verification is required for SHARES access.

If you already have access to eForms, jump to the last paragraph in this section.

To request access, you will need to navigate to <https://shares.sc.egov.usda.gov> and follow the directions below. It is strongly recommended that you save the URL for SHARES as a bookmark in your browser for future use. Many government systems have similar looking pages, so be sure you are only using the URL above.

Submit

You will receive a confirmation email within an hour. After you have received the email, it will ask you to identify yourself via the online system. If you are unable to verify your identity through the system, the system will direct you to go to an RD or Farm Service (RD-LRA) location near you. Be sure to take your photo ID with you.

After your ID has been verified, contact your TRC for your service area and provide them with your full name, the email address used for your eForms access, and full company contact information. This will enable them to request activation of your SHARES account. Once your account has been activated, your TRC will notify you.

CHAPTER 3 – GETTING TO KNOW SHARES

The SHARES application is comprised of four Modules (two of which are also referred to as Files) as referenced earlier) and a Home screen. Within the Home screen, users can access RD Home Page, Newsroom, and a Help screen.

RD HOME PAGE

This will take you to the U.S. Department of Agriculture’s main website, where you can access information about USDA and programs within the USDA, as well as articles and contact information.

NEWSROOM

This will take you directly to the USDA Rural Development’s Newsroom where you can view News Releases, Stakeholder Announcements, Tribal Outreach, Success Stories, Federal Funding Opportunities, and USDA Radio.

HELP PAGE

The Help Page will let you have access to this handbook, contact information for all T&MA Contractors’ SHARES Coordinators, eAuth ID Help Desk contact information, Local State Office information, National Office contact information and Rural Development Help Desk contact information.

INFORMATION CONTAINED IN EACH MODULE

Grant Module (File)

Screen/Tab Title	Description
Grant Search Submenu	Search for Grants based on various Search criteria.
Grant Add Submenu	Add a new Grant to the system.
Grant List Screen	List of Grants that matched a Grant Search's criteria. Allows a user to open a specific Grant for inquiry of Grant related details or to update Grant related details.
Grant Tab	Enter new Grant information or update a searched Grant's information.
Grant Funds Tab	Enter, update, and delete Funds received and used related to the grant.
Offices Tab	Associate the RD Offices that service the grant.
Reviews Tab	Enter, update, and delete Reviews related to the grant.
Lots Tabs	Lists Lots related to the Grant and allows the user to add, update and delete Lots.
Houses Tab	Lists Houses related to a Grant and allows the user to view and delete Houses.
Problems Tab	Enter, update, and delete Problems and/or Comments related to the Grant that will show on the SHARES Report.
Metrics Tab	Displays various metrics of the current Grant, borrowers, funds, and EUs.
Comments Tab	Enter, update, and delete Comments related to the Grant for internal purposes.

Borrower Module (File)

Screen/Tab Title	Description
Borrower Search Submenu	Search for Borrowers based on various Search criteria.
Borrower Add Submenu	Add a new Borrower to the system.
Borrower List Screen	List of Borrowers that matched a Borrower search's criteria. Allows a user to open a specific Grant Borrower for inquiry of Borrower-related details or to update Borrower related details.
Borrower Tab	Enter new Borrower information or update a searched Borrower's information.
Dates Tab	Enter, update, and delete pre-construction dates related to the Borrower's application and loan process.
Borrower Funds Tab	Enter, update, and delete funds related to the Borrower.
Lot Tabs	Lists lot and address information related to a Borrower's lot and allows the user to assign an existing lot to the borrower.
House Tab	View, enter, and update house information related to the borrower.
Construction Tab	Enter, update, and delete start and end dates for each construction tasks related to a Borrower. (Pre-construction dates on this tab will auto-fill from Borrower Dates tab.)
Grant Tab (Read-Only)	Displays the same information as the Grant Tab in the Grant File for read only.
Comments Tab	Enter, update, and delete Comments related to the Borrower for internal purposes.

Entity Module

Screen/Tab Title	Description
Entity Search	Search for Entities based on various Search criteria.
Entity List	List of Entities that matched an Entity Search's criteria. Allows user to link to a specific Entity for inquiry of an Entity's related details or to update an Entity's related details.
Entity	Enter and update details related to the Entity.
Entity Address	Enter, update, and delete an Entity's addresses.
Entity Contacts	Add, update, or delete an Entity's contact information.
Entity Individuals	Add, update, or delete an Entity's key personnel and roles.
Entity Comments	Enter, update, or delete Comments related to an Entity.

Reports Module

Report	Description
List of Self-Help Contractors and Grantees	Contact information for all Grantees in the system as well as all T&MA Providers in the country.
List of Grant Records in SHARES	Full list of every grant start and end dates and the proposed homes under each grant.
Average Housing Statistics for Each Grant	Average square footage, number of bedrooms, number of baths, appraised value, and RD loan amount for each grant. Historical and statistical base for changes from grant to grant.
Average Unit Cost for Each Grant	Lists 523 grant funds used, total grant funds, approved cost per unit, Equivalent Units (EU's) completed and cost per unit for 523 funds. Provides tracking of expenses and showing changes in unit costs.
502 Loans Funded for All Grants in Selected Periods	Lists Borrowers, low or very-low-income designation, loan closed date, appraised value, equity, 502 loan amount, other funds amount, and total funds and averages of the appraised values, equity, 502 loans, other funds, and total funds for all borrowers.
Grant Funds Report	Lists all grant funds received, funds used, other funds used, approved cost per unit, actual cost per unit, total funds used, total 523 funds used, 523 balance, proposed home amount, and EUs earned. Should be provided at Quarterly Review Meetings.
Lot Information Report	List of lot numbers, lot status, lot description, location, borrower assigned, lot square footage, sale price, development fees, water, sewer, total number of lots, total lots assigned to borrowers, total lots not assigned to borrowers.
Borrower Demographics Report	Lists borrower name, borrower group, status, docket status, docket status date, funding income designation, occupation, household size, type of dwelling, disabled, extended, deficient housing, 502 account number, congressional district, ethnicity, gender, marital status, energy efficiency and the totals for low income, very-low income, families with loan pending, families with loan rejected, families with loan withdrawn, families with loan closed.
Borrower Fund and Equity Matrix	Lists grant name, grantee name, borrower, group, lot number, address, income designation, household size, annual income, adjusted income,

Report	Description
	loan limit, RD loan, other leveraged loan, deferred loan, grants, total funding, appraised value, equity, total families in grant, total families with approved loans, and total families with pending loans.
Grant Construction Report	Lists grant name, grantee name, borrower name, group, lot number, pledged points, construction start date for borrowers, construction end date for borrowers, month elapsed, tasks completed, construction points, total EUs for each borrower and total EUs for all borrowers.
Construction Task Matrix for All Families	Lists end dates for completion of each of the 27 tasks for all borrowers currently building.
SHARES Report	Summary report including grant period, grantee name, grantee address, grant name, duration, counties served, grant start date, grant end date, grant extension date, total actual and planned EUs for the period, total actual and planned EUs for this grant-to-date, preconstruction EU's for the period, preconstruction EUs for period for loans pending, total number of houses for each method, average housing statistics, number of proposed units, number of houses completed under grant, number of families in preconstruction, number of families contacted, number of very-low income families, number of low income families, number of construction supervisors, number of TA employees, number of loan docket approved or rejected, number of loan docket rejections for grant to date, comments for any adverse issues affecting the grantee's ability to accomplish goals.

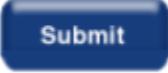

SCREEN CONTROLS

To ease the navigation of the SHARES application to enter, update, and delete information related to Self-Help Grants, its Borrowers, home construction, and other related information, the user has various screen controls available such as:

The left Navigation menu allows the user to switch to a different SHARES module from anywhere in the application. The user can move their mouse over the items in the Navigation menu and be presented with a choice to add a new Grant or Search for a Grant to update its details, add a new Borrower or Search for a Borrower to update their details, Add a new Entity or Search for an Entity to update its details or be presented with the Report menu.

The SHARES application has several buttons available to allow the user to perform significant actions such as “Save” or “Cancel” and notifications informing the user of the status of their data input.

	Allows the user to submit criteria entered into search boxes, checkboxes, or radio buttons.
	Allows the user to return to the previous screen and cancel out of any changes they have made without saving them to the database.
	Allows the user to save to the database the changes they have made on the current screen and/or previous screens. At some points in the application, the user will be required to save changes or fill in required data before changing screens.
	Allows the user to delete an item of data if there are not interconnected data items related to the deletion. (Ex. A Grant cannot be deleted without deleting any houses, lots or borrowers that are connected to the grant first)
	Allows the user to add another row of fields into which data can be entered. The button is present in Grant Extensions, Grant Funds, and Borrower Funds screens among others.
	Allows the user to copy selected Construction Task Pledges from one Borrower to the rest of the

	Borrowers in the same Group.
 Delete Row Icon	Allows the user to delete a row of data. The Save button must be clicked in order to keep changes to data rows.
 Radio Button Icon	Allows the user to select only one item from a list of two or more items.
 Check Box Icon	Allows the user to select or deselect a given item or to select one or more items from a list.
 Calendar Icon	Presents the user with a calendar control allowing the user to select a date to be placed in the date field adjacent to the icon.
 Search Icon	Presents the user with a search screen for producing a list of data items that can be associated to the current Grant, Borrower, or other entity.
 Drop-Down List	Allows the user to select one item from a drop-down list.
Borrower Search Borrower List Borrower (Breadcrumbs or Hyperlink Path)	Clicking the desired "Breadcrumb"/Hyperlink for the current data search allows the user to return to the active search screen or results list without having to re-enter search criteria. The hyperlink path (or “Breadcrumbs”) is displayed near the top left of the screen following a search for grant, borrower, or entity.
	Chevron controls appear throughout the application at the top of the List pages to allow the user to change the sorting criteria for the column to or from ascending to descending or vice versa.
 Data successfully saved.	Notification that your data has been successfully saved. Should always show after clicking the Save button.

CHAPTER 4 – REVIEWING & UPDATING ENTITY INFORMATION

Entity Tab

- Hover mouse over Entity in Navigation menu.
- Click on Search Entity.
- Enter Entity Name in the Entity Name field or choose Entity Type, Status, Region, or State in each drop-down menu for those fields.
- Click Submit.
- Click on Entity Name in the list to open the Entity Module.

Self Help Automated Reporting and Evaluation System - SHARES

This is the SHARES website for the USDA Rural Housing Service Mutual Self-Help Housing Program. Since its inception in 1971, this program has helped low- and very-low-income people to finance and build their homes. This program has a dedicated nationwide network of families and individuals, nonprofit housing developers(grantees), lenders and USDA Rural Housing Service staffers.

Those who participate in this program are unable to find a home they can afford, much less come up with a down payment in the mutual self-help housing program, self-help groups build each others' homes. Their labor becomes their down payment, commonly referred as 'sweat equity'. Hard work is the key, along with a willingness to work cooperatively with other participants. These groups share the common goal of home ownership and commit themselves to share in the work that will make the goal a reality.

CHAPTER 5 – THE GRANT MODULE (FILE)

ADDING A NEW GRANT

Hover mouse over Grant in Navigation menu.

Click on Add Grant.

Grant Tab

Begin entering all relevant information into the Grant Tab.

Important Note - When entering a Grant Name, be sure to use a unique name for your grant and include the grant years as shown in the example below. Using unique names will eliminate any data overlap issues in the future.

You must choose either Current Grant or Pre-development in the Status field from the drop-down list.

To enter the Grantee Name, Click on the Magnifying Glass to choose your organization.

In the Contractor field, choose the correct T&MA contractor for your region from the drop-down list.

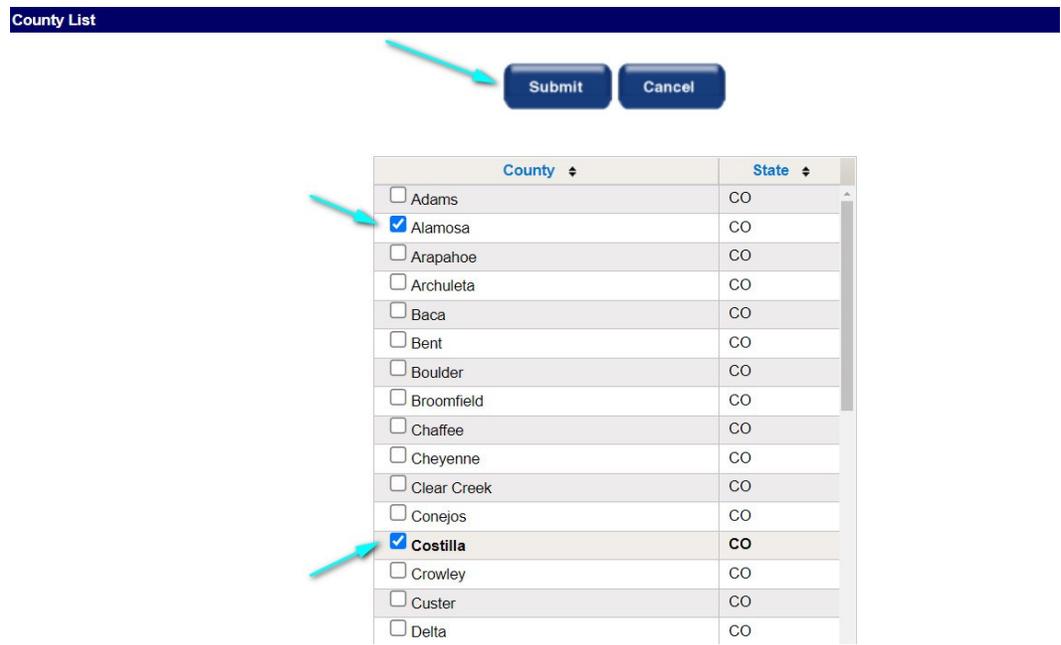

The screenshot shows a web-based form for creating a grant. At the top, there is a navigation bar with tabs for Grant, Grant Funds, Offices, Reviews, Lots, Houses, Problems, Metrics, and Comments. Below the navigation bar are 'Save' and 'Cancel' buttons. The form fields are organized into two columns. The left column includes: Grant Name (*), Status (*), Contractor (*), Proposed Number of Homes (*), Proposed Grant Amount, Pre-Dev Start Date, Pre-Application Date, Grant Start Date, Initial Grant Amount, and Number of TA Staff. The right column includes: Grantee Name (*), State (*), County, Pre-Development Amount, Proposed Grant Period, Pre-Dev End Date, Application Date, Grant End Date, and Construction Supervisors. A dropdown menu is open for the Contractor field, showing options like 'Florida Non-Profit Housing, Inc.', 'LITTLE DIXIE COMMUNITY ACTION AGENCY, INC.', 'NCALL Research, Inc.', and 'Rural Community Assistance Corporation'. A magnifying glass icon is visible next to the County field.

Click the Magnifying Glass in the County field to choose the county or counties served. After the Sub screen comes up, choose the State from the drop-down list. Leave the county blank if you need to add more than one county to the list. If you only need one county, type the county name in the county field.

This screenshot is similar to the one above but shows the 'County' field with a magnifying glass icon next to it, indicating that the user is about to search for a county. The 'Save', 'Delete', and 'Cancel' buttons are visible at the top.

The first screenshot in this block shows 'Submit' and 'Cancel' buttons with a magnifying glass icon pointing to the 'Submit' button. The second screenshot shows the 'County Name' and 'State' fields. The 'County Name' field is empty, and the 'State' dropdown is set to 'CO'. A magnifying glass icon is pointing to the dropdown arrow. The third screenshot shows the 'County Name' field filled with 'Alamosa' and the 'State' dropdown still set to 'CO'. A magnifying glass icon is pointing to the 'Submit' button.

You will be taken to an additional if you are looking at all counties in the State. Click on each box next to the counties that need to be added then Click Submit.

Enter the rest of the fields based on the information for each field below; then Click Save. To ensure that the data has been saved correctly, look for the *Data Successfully saved* notification that will appear at the top of the page.

Field	Description of Field Information
Proposed Number of Homes	Number of homes to be built during the full grant period.
Pre-Development Amount	The amount of any Pre-Development grant monies that were awarded.
Proposed Grant Amount	Total grant amount that your organization applied for.
Proposed Grant Period	Total months for grant period (grants always start at 24 months).
Pre-Dev Start Date	Start date of any pre-development work.
Pre-Dev End Date	End date of any pre-development work.
Pre-Application Date	Date your organization started the process of notifying USDA RD of your organization’s intention to apply for the grant.
Application Date	Date the full application with all correct documentation was submitted to USDA RD.
Grant Start Date	Date your organization’s grant started based on your official Grant Agreement.
Grant End Date	Date your organization’s grant ends based on your official Grant Agreement.
Initial Grant Amount	Full grant amount that was awarded.
Construction Supervisors	Total number of construction supervisors.
Number of TA Staff	Total number of TA staff working in the program including the total number of construction supervisors.

Grant Funds Tab

All Grant Funds as well as any supplemental funds that are being used to run the program should be entered into the Grant Funds Tab.

- Begin in the Funds Used section by Clicking the drop-down menu under Source to choose either 523 Grant or Other as the source of funds.
- Enter a description of the funds that were used. This would generally be the time period that the funds cover.
- Click on the Calendar Icon to choose the correct date for the funds used through.
- Click on the Amount Field and enter the total number of funds used for that source.
- To Add an additional line, Click on the Add button at the bottom of the section.
- To Delete an unwanted line, Click on the X Icon next to the line you want to delete.

Funds Used			
Source *	Description *	Date *	Amount *
X 523 Grant	Monthly Expenses May 2021	05/31/2021	\$16,700.00
X Other	Monthly Expenses May 2021	05/31/2021	\$4,000.00
X 523 Grant	Monthly Expenses April 2021	04/30/2021	\$15,000.00
X 523 Grant	Monthly Expenses March 2021	03/31/2021	\$16,700.00
Total 523			\$48,400.00
Total Other			\$4,000.00
Total			\$52,400.00

Add

- Next, move to the Funds Received section
 - o Click the drop-down menu under Source to choose either 523 Grant or Other as the source funds.
 - o Enter a description of the funds that were received. This would generally be the draw number and group number it is covering.
 - o Click on the Calendar Icon to choose the correct date for the funds used through.
 - o Click on the Amount Field and enter the total number of funds received for that source.
- To add an additional line, Click on the Add button at the bottom of the section.
- To Delete an unwanted line, Click on the X Icon next to the line you want to delete.

To Delete a Lot Click on the X next to the Borrower’s Name that you want to Delete the Lot for.

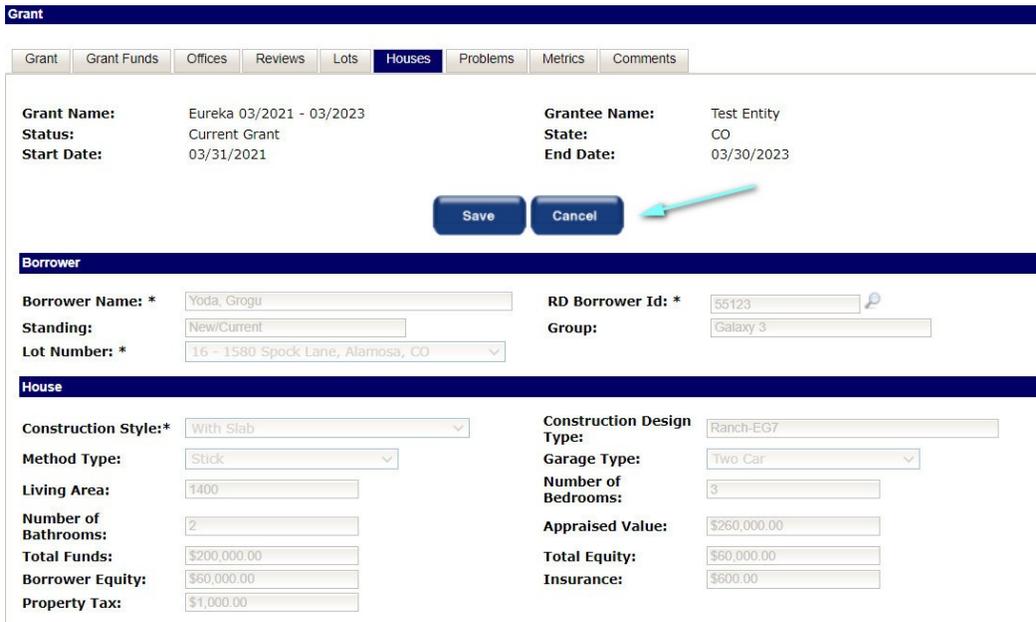

Important Note: The Lot should only be deleted if it is not attached to a specific borrower, or you have followed the directions for disassociating a lot from a borrower.

Houses Tab

The Houses Tab in the Grant Module (File) can be used to delete a house or to view the information on the house.

To view the House information, Click on the Borrower’s Name to open the House Sub screen. Once in the House Sub screen you will be able to view all House information for that Borrower. To exit the House Information Sub screen, Click Cancel to return to the Houses Tab main screen.

Problems Tab

The Problems Tab will allow you to keep a record of TA Staff turnover, RD Staff turnover, Bad weather, Loan processing delays, Site acquisition and development, Unavailable loan/grant funds, Lack of participants, Communication between RD/Grantee, Other Problems or Comments and any positive comments that should be kept track of during the life of a grant. Comments entered can be shown on the SHARES Report by ensuring the matching Report Cycle and Dates are chosen.

To ADD a Comment, Click on the Problem Magnifying Glass.

Choose the Comments that need to be added by clicking on the check mark next to each problem you would like to add then Click Submit.

Important Note: To ensure that the comments show up in the SHARES Report that you are running, the Report Cycle and Start & End Dates need to match the report that is being run. For example: to run a SHARES Report for a Quarterly Review Meeting ensure that all Report Cycles are set to Quarterly, the Start Date is set to the first day of the quarter and the End Date is set to the last day of the quarter. It is strongly recommended that all Problems are included in the final SHARES Report for a grant close out.

Once the Problem has been chosen, Report Cycle has been chosen, Start Date entered and End Date entered, the Detailed Explanation should be entered and include all details of the issues or comments.

Add

OPENING THE GRANT

To re-open the grant, hover your mouse over the Grant Module (File) in the Navigation menu.

Click on Search Grant.

The screenshot shows a navigation menu on the left with the following items: > Home, > Grant, > Borrower, > Entity, and > Reports. The 'Grant' item is selected, and a sub-menu is displayed with 'Add Grant' and 'Search Grant' options. A red arrow points to 'Search Grant'. The main content area is titled 'Self Help Automated Reporting and Evaluation System - SHARES' and contains text describing the USDA Rural Housing Service Mutual Self-Help Housing Program. The text states: 'site for the USDA Rural Housing Service Mutual Self-Help Housing Program. Since its inception helped low- and very-low-income people to finance and build their homes. This program has developed an effective, dedicated nationwide network of families and individuals, nonprofit housing developers(grantees), technical assistance providers and USDA Rural Housing Service staffers. Those who participate in this program are unable to find a home they can afford, much less come up with a down payment in the mutual self-help housing program, self-help groups build each others' homes. Their labor becomes their down payment, commonly referred as 'sweat equity'. Hard work is the key, along with a willingness to work cooperatively with other participants. These groups share the common goal of home ownership and commit themselves to share in the work that will make the goal a reality.'

Enter the Grant Name, Grantee Name, or use the drop-down boxes for the Region, State, and Status of those fields then Click Submit.

Important Note: It is best to use all lower case when entering information into search screens, only one or two fields are needed, and less information is better for searching.

ADDING EXTENSIONS, SUPPLEMENTALS AND EU CHANGES INTO THE GRANT

- Open the grant that needs to have an extension and/or supplemental added.
In the Grant Tab:
- Change the Proposed Number of Homes to the new total if an EU increase or reduction has been granted.
- Change the Proposed Grant Period to reflect the number of months between the start of the grant and the new end date.
- Change the initial Grant Amount to reflect the original grant amount plus any additional funds awarded with the extension.
- In the Grant Extension section, Click on the down arrow in the first box and choose Development.
- Enter the Extension End Date in the Extension Date field in the MM/DD/YYYY format or Click on the Calendar Icon and choose the new end date.
- Enter the supplemental dollar amount if a supplemental was awarded. If a supplemental was not included enter 0.00.
- To add an additional extension, Click on Add in the Grant Extensions section and follow the directions above.
- To delete an Extension, Click on the X next to the Extension that you would like to delete.

CHAPTER 6 – THE BORROWER MODULE (FILE)

ADDING A NEW BORROWER

Hover mouse over Borrower Module (File).

Click on Add Borrower.

Borrowers Tab

Begin entering all relevant information into the Borrower Tab.

- After entering the Last Name, First Name and Middle Name, Click the drop-down and choose New/Current to add a new Borrower.
- The RD Borrower ID can be entered later once the Letter of Eligibility is received.
- Next, enter a Group Name for the group that the Borrower will be in.
- To enter the Grant Name, Click on the Magnifying Glass Icon next to the Grant Name field.
- Complete the remaining fields in the Borrower and Borrower Background sections.

Important Note - When entering a Group name, be sure to use a unique name for your Group, such as Galaxy 3. Avoid using generic group names such as Group 1 or Group One. Using unique names will eliminate any data overlap issues in the future.

Borrower Section Fields	Description
Last Name	Last Name of the Primary Borrower
First Name	First Name of the Primary Borrower
Middle Name	Middle Name of the Primary Borrower
Standing	Current Standing of Primary Borrower: New/Current, Assumed Existing Loan, Released from Property, Property Foreclosed
RD Borrower ID	Borrower’s loan account number from Rural Development (can be

Borrower Section Fields	Description
	found on Eligibility Letter)
Group	Group Name (unique name)
Grant Name	Name of grant in system

Borrower Background Fields	Description
Date of Birth	Primary Borrower's date of birth
Primary Funding Source	Source of all funding for home construction
Gender	Gender of primary Borrower
Income Level	Primary Borrower's income level (low- or very low-income) as determined by annual adjusted income
Ethnicity	Ethnicity of primary borrower
Marital Status	Marital status of the borrower
Occupation	Occupation of the borrower
Annual Income	Annual Income calculated by using the 4A Calculation Worksheet
Annual Adjusted Income	Annual Adjusted Income calculated by using the 4A Calculation Worksheet
Dependents	Number of dependents the Borrower has
Household Size	The number of people who will be living in the household once the home is built
Type of Dwelling	The type of dwelling (Rental, Manufactures/Mobile, Living with Family or Homeless) in which the Borrower is currently living
Disabled	The disabled status of the Borrower
Extended Family	Is extended family living with the Borrower?
Deficient Housing	Is the Borrower living in deficient housing?
RD Area Loan Limit	RD Area Loan Limit during the time of the application
Energy Efficiency Required	Is energy efficiency required?
Loan Amount	The total loan amount for which the Borrower is approved.

Co-Borrowers Fields	Description
Co-Borrower Last Name	Last name of the Co-Borrower
Co-Borrower First Name	First name of the Co-Borrower
Co-Borrower Middle Name	Middle name of the Co-Borrower

Co-Signer Fields	Description
Co-Signer Last Name	Last name of the Co-Signer
Co-Signer First Name	First name of the Co-Signer
Co-Signer Middle Name	Middle name of the Co-Signer

Dates Tab

Some dates in the Dates Tab are pulled into other Tabs, so it’s important to make sure that you know where those are pulled. Date fields are not required, but it is important to ensure you have entered the Initial Contact Date to move forward. The date fields that are shown in blue in the table below auto populate some dates in the Construction Tab.

--	---

Milestone Dates	Date Description
Initial Contact	Original contact with potential applicant.
Application Received	Pre-qualification application. This is the minimum info needed to determine if they are within income and debt ranges and will determine if you continue with the applicant.
Package Submitted to RD Date	The date the full pre-qualification application is submitted to RD.
Date of Pre-Qualification	The date RD pre-qualified the applicant.
Application Completed Date*	Date the full loan application was completed and sent to RD. (Date auto-populates the Pre-Construction Phase I Actual Start date in the Construction Tab).
Eligibility Determined*	Date RD issues the Letter of Eligibility. (Date can be found on the letter.) (Date auto-populates the Pre-Construction Phase I Actual End date in the Construction Tab).
Approved Date*	Date appraisal packet was submitted to RD. (Date auto populates the Pre-Construction Phase II Actual Start date in the Construction Tab).
Loan Closed Date*	Date the mortgage and deed are put into the Borrower's Name and recorded. (Date auto-populates the Pre-Construction Phase II Actual End date in the Construction Tab).
Preconstruction Conference Date	Date that the initial Pre-Construction Conference was held with all families (borrowers and their families) in the group.
Construction Docket Submitted Date	Date that RD submits the construction docket.
Date Under Construction	Automatically populates from the Start Date entered in the first task in the Construction section of the Construction Tab.
Final Inspection date	Date that construction ended for the entire group.
Application Withdrawn Date*	Date that the borrower is withdrawn from the program.
Application Rejection Date*	Date that the borrower receives an Application Rejected letter.
*Dates listed in blue are required entry in SHARES. See Exhibit N for more details.	

Borrower Funds Tab

All funds that are being used for the purpose of the home are entered into the Borrower Funds Tab. All loans, grants and down payment assistance funds used in total for the complete building budget must be entered separately into this section.

- To enter the funds, Click on the drop-down for Fund Type and choose the appropriate Type (see choices in tables below).
- Click on the drop-down for Source and choose the appropriate source (see choices in tables below).
- Type the Lender/Funder name into the Lender field
- Enter the date using MM/DD/YYYY format or Click on the Calendar Icon to choose the loan closing date.
- Enter the amount in the Amount Field of each individual Fund Type.
- To Add an additional line, Click the Add Button and follow the steps above.
- To Delete a line, Click the X next to the line you would like to Delete.
- Once finished, Click Save to ensure that all changes are saved to the system.

House Tab

Begin entering all relevant information into the House Tab. To choose the Construction Type, Method Type or Garage Type, Click on the drop-down list and choose the appropriate choice. After all information is entered, Click on the Save Button.

Important Note – The Construction Style will determine the point breakdown in the Construction Tab for the tasks.

House Fields	Field Description
Construction Style	Style of construction of the foundation of the home (with Slab, with Crawlspace, with Basement, with Crawl Space for Puerto Rico Only and with Slab for Puerto Rico Only).
Construction Design Type	House plan name.
Method Type	Type of method that is used to build the home (Stick, Panel and Combination).
Garage Type	Garage type and/or style (one car, two car or carport).
Living Area	Heated square footage of the home.
Number of Bedrooms	Number of bedrooms in the home.
Number of Bathrooms	Number of bathrooms in the home.
Appraised Value	Appraised value of the home based on the appraisal.
Total Funds	Total funds used to build the home. The Total Funds field is auto populated by the funds that are entered into the Borrower Funds Tab.
Total Equity	Total Equity field is auto filled and is calculated all Borrower Funds and Appraised Value.
RD Borrower Equity	RD Borrower Equity is auto filled and is calculated and auto filled by using only USDA RD Borrower Funds and Appraised Value.
Insurance	The total cost of Homeowner’s insurance.
Property Tax	The total cost of property tax on the home.

Construction Tab

The Construction Tab keeps track of the status of the tasks that are performed in both the Pre-Construction Section and the Construction Section. Each Construction Task in the Construction Section is assigned a point value based on the Construction Style of the home being built.

Pre-Construction Section

Phase I & Phase II Task Actual Start & End Dates are auto populated from the Dates Tab as shown below. Pre-Construction Points for Phase I and Phase II are:

- .1 point for Eligibility Determination.
- .1 point for Loan Closing.

These points will be shown as pre-construction points in the SHARES Report.

Actual Start Dates for Phase I & II

Actual End Dates for Phase I & II

Construction Section

Each task is allotted points as shown in the Points Column. These points are assigned based on the Construction Style chosen for the home. The points for all tasks add to 100 points, which equals one full Equivalent Unit (EU). Construction Points pledged must equal 65% or greater as required in the RD Instruction 1944-I 1944.403 (K) and shown in detail in 1944-I Exhibit B-2.

Construction Points for Tasks 1-27 equal 100% of construction points. This counts as 80% of the total one EU.

As the Pledge check boxes are marked, the total points pledged are tallied at the bottom and shown in Points Pledged.

As Actual End dates are entered, points earned begin to calculate in the Earned column and are tallied at the bottom and shown in the Points Earned totals.

Once all the tasks are pledged, enter construction task Actual Start and Actual End dates as the tasks are started and completed. As the tasks are completed, the points will begin to accumulate in the Points Earned column.

Important Note: Only tasks that the borrowers are completing should be pledged to that borrower under the Pledge column.

Grant Tab

The Grant Tab is a view-only screen in the Borrower Module (File). Changes cannot be made to this screen while in the Borrower Module (File).

CHAPTER 8 – DELETING A BORROWER AND/OR REASSOCIATING A LOT AND/OR HOUSE TO ANOTHER BORROWER

The purpose of this chapter is to help make corrections or changes to a borrower’s file and the associated lot and/or house. Reasons for changes could include any of the following: the borrower is leaving the program, the lot needs to be re-associated to another borrower, or a borrower has been duplicated in the Grant Construction Report. Please read through the entire Chapter before making any changes to the Borrower’s File in SHARES.

Important Note: Do not delete borrowers from SHARES unless the Borrower is showing up in the system multiple times or showing up multiple times in the Grant Construction Report. If you need to remove them from a grant or a group, follow the directions listed in Chapter 7.

Important Note: If a borrower withdraws from the program and a new borrower is taking the lot and/or house, follow these same steps without deleting the borrower’s file. You can then associate the lot and/or the house to the new borrower.

DELETING A BORROWER WITH NO OTHER INFORMATION BESIDES THE BORROWER TAB

If there is only information entered into the Borrower Tab, Click Delete.

The screenshot shows the 'Borrower' tab selected in the SHARES software. The interface includes a navigation bar with tabs for Borrower, Dates, Borrower Funds, Lot, House, Construction, Grant, and Comments. Below the navigation bar are three buttons: Save, Delete, and Cancel. A red arrow points to the Delete button. The form contains the following fields:

Last Name: *	<input type="text" value="Stark"/>	First Name: *	<input type="text" value="Chloe"/>	Middle Name:	<input type="text"/>
Standing: *	<input type="text" value="New/Current"/>	RD Borrower Id:	<input type="text" value="54326"/>		
Group:	<input type="text" value="Galaxy 1"/>	Grant Name: *	<input type="text" value="Eureka 12/2019-12/2021"/>		

Click OK to finalize the deletion.

 Annual Adjusted: \$31,300.00 | Dependents: 3

Are you sure you want to delete this Borrower?
 OK | Cancel

Important Note: Follow the directions for disassociating a borrower from their lot and/or house in this order to ensure data integrity and to avoid data errors and/or multiple listing entries.

DISASSOCIATING A BORROWER FROM A LOT AND/OR HOUSE

Important Note: If a new borrower is taking over the lot and/or house after construction has started, take screen prints, or take down the information from the House Tab and from the Construction Tab to re-enter into the new Borrower's File.

To start:

- Open the Borrower File.
- Click on the Construction Tab.
- Remove any dates that are entered into the Construction section of the Construction Tab; then Click Save.

The screenshot shows the 'Borrower' form with a confirmation dialog box overlaid. The dialog box asks, 'Are you sure you want to delete this Borrower?' and has 'OK' and 'Cancel' buttons. A red arrow points to the 'OK' button. The form fields include: Last Name: Stark, First Name: Chloe, Middle Name: (blank), Standing: New/Current, RD Borrower Id: 54326, Group: Galaxy 1, Date of Birth: 02/20/1, Gender: Female, Ethnicity: Caucasian, Marital Status: Separated, Occupation: Data Entry Specialist, Annual Income: \$33,400.00, Annual Adjusted: \$31,300.00, Dependents: 3.

- If this is not a duplicate Borrower, Click on the Borrower Tab.
- Remove the Group Name in the Group field and either replace with another Group Name or leave blank.
- If the Borrower is being moved to another Grant, click on the Magnifying Glass next to the Grant Name field to associate the Borrower with a different Grant.
- Click Save.

The screenshot shows the 'Borrower' form with red arrows pointing to the 'Save' button, the 'Group' field (Galaxy 1), and the magnifying glass icon next to the 'Grant Name' field (Eureka 12/2019-12/2021). The form fields include: Last Name: Wells, First Name: Helena, Middle Name: G, Standing: New/Current, RD Borrower Id: 54323, Group: Galaxy 1, Date of Birth: 03/12/1983, Gender: Female, Ethnicity: Caucasian, Occupation: Dental Assistant, Annual Adjusted Income: \$23,500.00, Household Size: 2, Disabled: (blank), Deficient Housing: No, Energy Efficiency Required: No, Primary Funding Source: 502, Income Level: Very Low Income, Marital Status: Unmarried, Annual Income: \$25,200.00, Dependents: 1, Type of Dwelling: Living With Family, Extended Family: No, RD Area Loan Limit: \$210,000.00, Loan Amount: \$170,000.00.

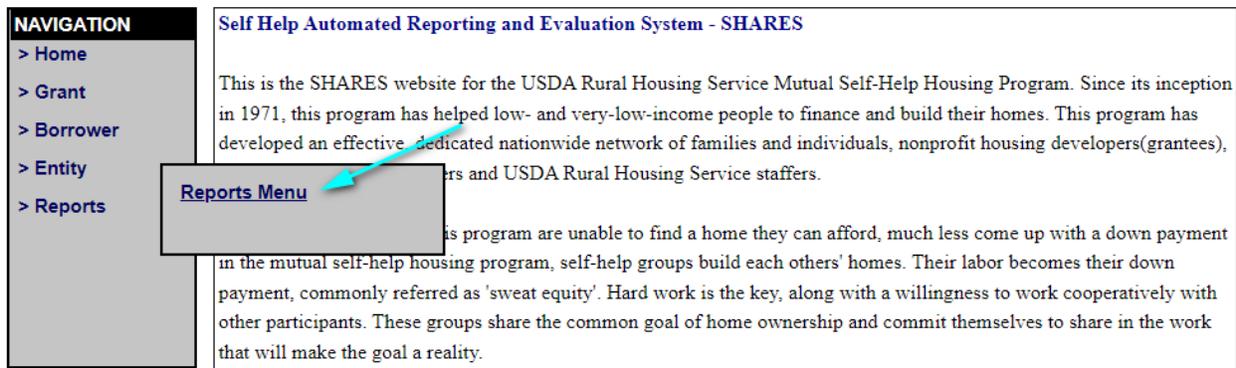

CHAPTER 9 – RUNNING REPORTS

SHARES offers numerous reports for both Grantees and USDA RD. They cover a wide range of information including demographics, reports based on 1944-I reporting requirements, contact information, statistical data and housing and loan data.

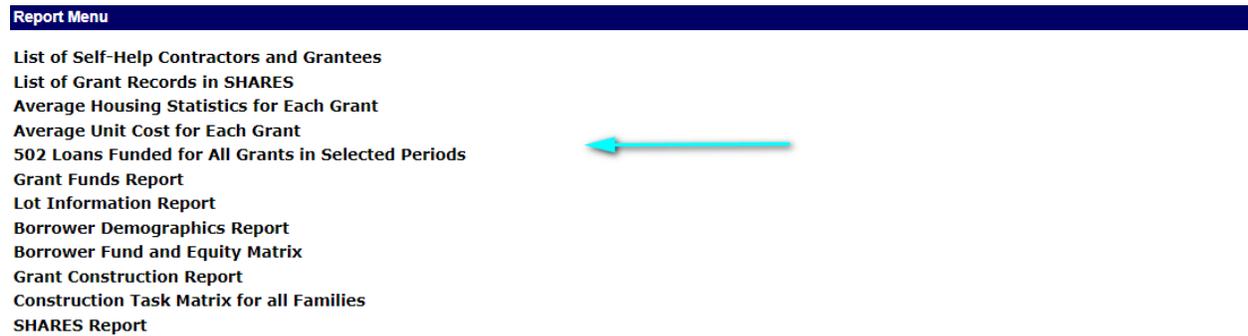

See Exhibits A-L for Report Examples.

REPORTS MENU

From the Navigation Menu, hover your Mouse over Reports then Click on Reports Menu.

From the Report Menu, Click on the name of the Report you would like to Run.

LIST OF SELF-HELP CONTRACTORS AND GRANTEES REPORT

This report includes contact information for both Grantees and their staff as well as contact information for each T&MA provider for each region.

See Exhibit B for sample.

What is in the report:

- ◇ Grantee or Contractor Name
- ◇ Address
- ◇ State
- ◇ Contact Person
- ◇ Phone
- ◇ Fax
- ◇ Email

To run the report:

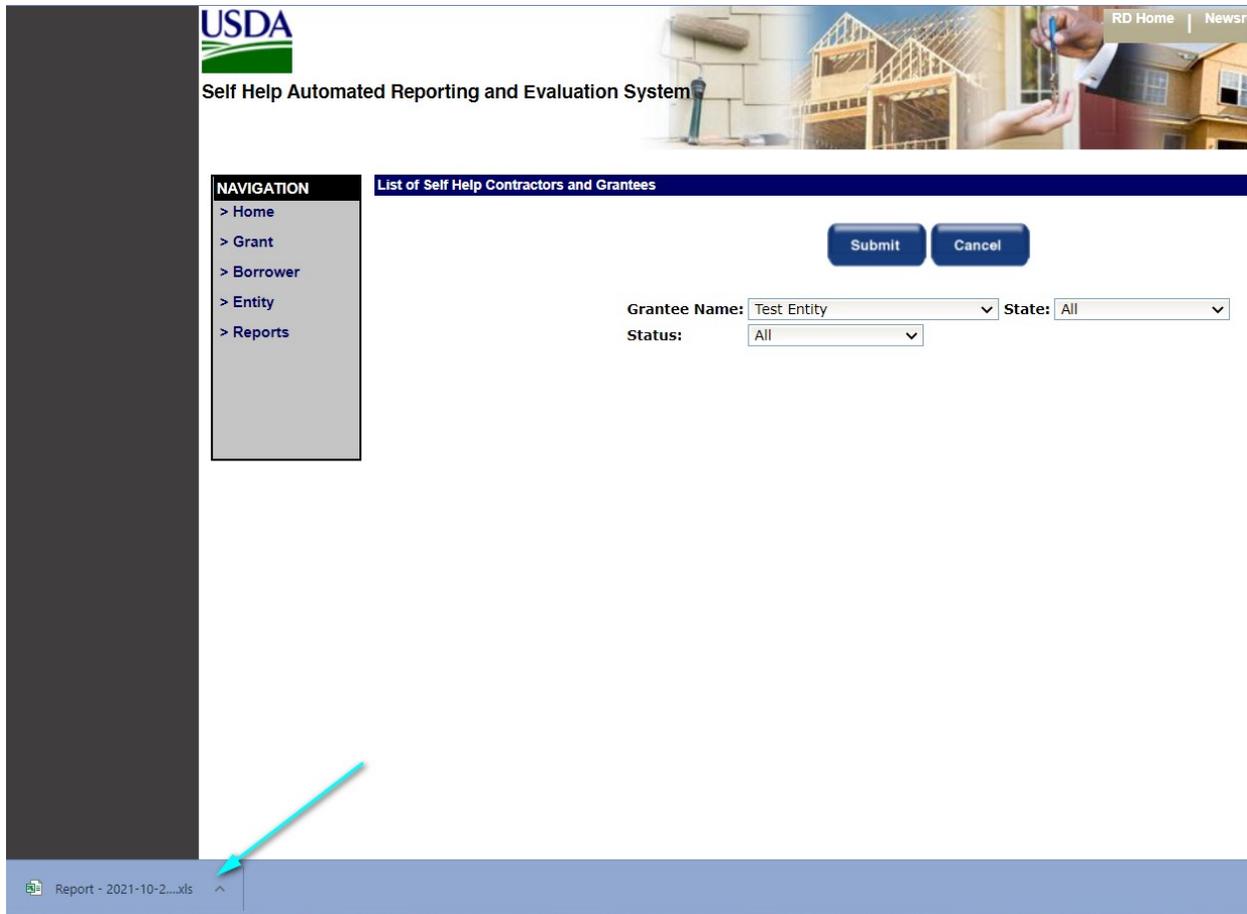

- Click on List of Self-Help Contractors and Grantees.
- Click on the drop-down menu for Grantee Name, State or Status.
 - If you are looking for a specific Grantee’s information, choose the Grantee Name.
 - If you are looking for Grantee information for any grantee in a specific state, choose State.
 - If you would like a full list of Grantees and Contractors, do not make any choices.
- Click Submit.

List of Self Help Contractors and Grantees

Grantee Name: State: All

Status: All

- After the report runs, in most browsers it will appear in the bottom left corner of your browser window.
- Click on the Report to open it.

LIST OF GRANT RECORDS IN SHARES

The List of Grant Records Report will only show you your organization’s grant records that have been input into SHARES. This report can give you a quick look at every grant and its basic history that you have. It is important to run this report periodically to ensure that you have closed any old grants in the system.

See Exhibit B for sample.

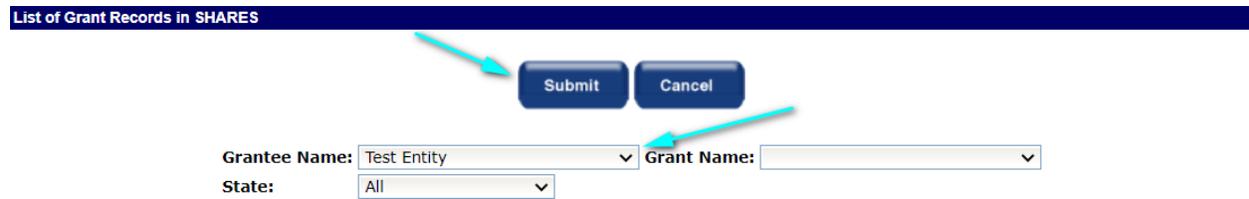

What is in the report:

- ◇ Grant Name
- ◇ Grantee Name
- ◇ Status
- ◇ Start Date (of grant)
- ◇ End Date (of grant)
- ◇ State
- ◇ Proposed Homes

To run the report:

- Click on List of List of Grant Records in SHARES.
- Click on the drop-down menu for Grantee Name and choose your organization.
- Click Submit.

State: All ▼

AVERAGE HOUSING STATISTICS FOR GRANTS

The Average Housing Statistics for Grants Report will give you a great source of historical and statistical base for changes from grant to grant. This will also show you the RD Loan Limit changes and changes in equity from grant to grant. This is a good report to view if you are a new employee and not familiar with the historical date of the organization.

[See Exhibit C for sample.](#)

What is in the report:

- ◇ Grantee Name
- ◇ State
- ◇ Grant Name
- ◇ Status
- ◇ Proposed No. of homes
- ◇ Living Area
- ◇ No. of Bedrooms
- ◇ No. of Baths
- ◇ 1 car garage
- ◇ 2 car garage
- ◇ Car Port
- ◇ Appraised Value
- ◇ HUD Limit
- ◇ RD Loan Amount
- ◇ Total Funds
- ◇ Equity

To run the report:

- Click on List of Average Housing Statistics for Grants.

- Click on the drop-down menu for Grantee Name and choose your organization.
 - To look at only one grant, click on the Grant Name drop-down and choose the grant you want to view.
 - To look at all grants, Click on only the Grantee Name to view all grants.
- Click Submit

Average Housing Statistics for Grants

Grantee Name: Test Entity ▼ Grant Name: Eureka 12/2019-12/2021 ▼

AVERAGE UNIT COST FOR EACH GRANT

The Average Unit Cost for Each Grant is a good report to run to track 523 expenses and show changes in unit costs. This is a great report to run for Boards or accounting departments.

[See Exhibit D for sample.](#)

What is in the report:

- ◇ Grant Name
- ◇ State
- ◇ Grantee Name
- ◇ Grant Status
- ◇ Proposed No. of homes
- ◇ Total Grant Funds
- ◇ Approved Cost Per Unit
- ◇ 523 Funds Used
- ◇ Total Funds Used
- ◇ EUs Completed
- ◇ Cost per Unit (523 Funds)
- ◇ Cost Per Unit

To run the report:

- Click on List of Average Unit Cost for each Grant.
- Click on the drop-down menu for Grantee Name and choose your organization.
 - To look at only one grant, Click on the Grant Name drop-down and choose the grant you

want to view.

- To look at all grants, Click on only the Grantee Name to view all grants.
- Click Submit.

502 LOANS FUNDED FOR ALL GRANTS IN SELECTED PERIOD

The 502 Loans Funded for All Grants in Selected Period is a perfect report to show very low income and low income, loan closed dates, appraised values, equity, 502 loan funds and other funds on an individual basis as well as an average for all. This report can be ran for an individual grant or for all grants.

[See Exhibit E for sample.](#)

What is in the report:

- ◇ Grant Name
- ◇ Grantee
- ◇ State
- ◇ Borrower Name
- ◇ Income
- ◇ Loan Closed On
- ◇ Appraised Value
- ◇ Equity
- ◇ 502 Loan
- ◇ Other Funds
- ◇ Total Funds
- ◇ Totals and Averages of Appraised Value, Equity, 502 Loan, Other funds and Total Funds

To run the report:

- Click on List of 502 Loans Funded for All Grants in Selected Period.
- Click on the drop-down menu for Grantee Name and choose your organization.
- Click on the drop-down menu for Grant Name and choose the grant you would like to look at.
 - To look at all grants, leave the Grant Name field blank.

- Type the Grant Start Date in the MM/DD/YYYY format or Click on the Calendar Icon to choose the Grant Start Date.
- Type the Grant End Date in the MM/DD/YYYY format or Click on the Calendar Icon to choose the Grant End Date.
- Click Submit.

LOT INFORMATION REPORT

The Lot Information Report is a great way to keep track of all the lots you have in one grant. You can also check the status of each lot to see if they are available and you'll be able to see the sale prices and development fees for each lot. It's best to pull this before you assign lots to borrowers to ensure you have the correct information entered for each lot. Additionally, it can be used to ensure you have entered all of your lots into the correct grant.

[See Exhibit G for sample.](#)

What is in the report:

- ◇ Lot #
- ◇ Lot Status
- ◇ Lot Description
- ◇ Location
- ◇ Borrower Assigned
- ◇ Lot Area
- ◇ Sale Price
- ◇ Development Fees
- ◇ Water
- ◇ Sewer

To run the report:

- Click on Lot Information Report.
- Click on the drop-down menu for Grantee Name and choose your organization.
- Click on the drop-down menu for Grant Name and choose the grant you would like to look at.
 - To view all lots for all grants, leave the Grant Name blank.
- Click Submit.

BORROWER DEMOGRAPHICS REPORT

The Borrower Demographics Report is an important report to run so that you can ensure that you are following your Affirmative Fair Housing Marketing Plan. This report can determine if your ongoing marketing efforts are working, what overlap there might be in occupations, if your families are mostly living with family or renting and where you are getting most of your applicants. Utilizing the data in this report can help you determine what other marketing strategies might work for your area.

[See Exhibit H for sample.](#)

What is in the report:

- ◇ Borrower
- ◇ Borrower Group
- ◇ Standing
- ◇ Docket Status
- ◇ Docket Status Date
- ◇ Funding
- ◇ Income
- ◇ Occupation
- ◇ Household size
- ◇ Type of Dwelling
- ◇ Disabled
- ◇ Extended
- ◇ Deficient Housing
- ◇ 502 Account
- ◇ Congressional District

- ◇ Ethnicity
- ◇ Gender
- ◇ Marital Status
- ◇ Energy Efficiency Required

To run the report:

- Click on Borrower Demographics Report.
- Click on the drop-down menu for Grantee Name and choose your organization.
- Click on the drop-down menu for Grant Name and choose the grant you would like to look at.
 - To view all Borrowers for all grants, leave the Grant Name blank.
- Click Submit.

Borrower Demographics Report

Grantee Name: Test Entity ▼ Grant Name: Eureka 12/2019-12/2021 ▼

BORROWER FUNDS AND EQUITY REPORT

The Borrower Funds and Equity Report is best used for annual and adjusted income for your whole group, assisting with marketing efforts and your Affirmative Fair Housing Marketing Plan, to be used as a snapshot to look at all additional funding and grants that you were able to obtain for your borrowers, and assisting with determining your TA costs based on equivalent value of a modest home calculation.

Important Note: You will still need to go through the process of getting the value from your State RD Office, but it will give you a good indication of what the number might be.

Important Note: If the appraised value is not entered, the equity is not going to show correctly in the report. The report shows the most accurate equity, and it deducts out the loans but leaves the grants.

See Exhibit I for sample.

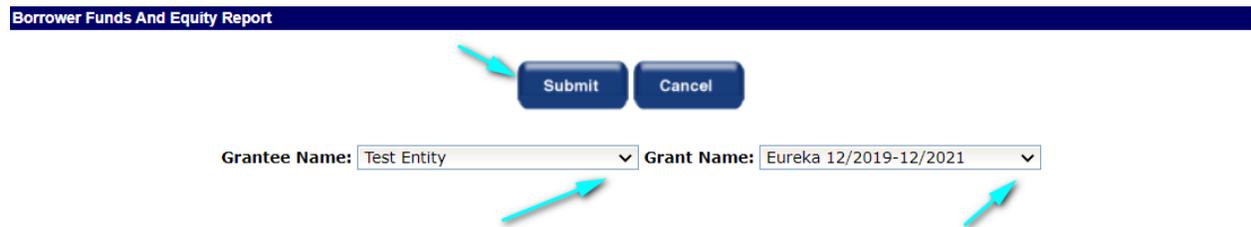

What is in the report:

- ◇ Grant Name
- ◇ Grantee Name

- ◇ Borrower
- ◇ Group
- ◇ Lot Number
- ◇ Address
- ◇ Income
- ◇ Household Size
- ◇ Annual Income
- ◇ Adjusted Income
- ◇ Loan Limit
- ◇ RD Loan
- ◇ Other Leveraged Loan
- ◇ Deferred Loan
- ◇ Grants
- ◇ Total Funding
- ◇ Appraised Value
- ◇ Equity

To run the report:

- Click on Borrower Funds and Equity Report.
- Click on the drop-down menu for Grantee Name and choose your organization.
- Click on the drop-down menu for Grant Name and choose the grant you would like to look at.
 - To view all Borrowers for all grants, leave the Grant Name blank.
- Click Submit.

GRANT CONSTRUCTION REPORT

The Grant Construction Report should be run for each Quarterly Review Meeting. This report is a great report to run to ensure your construction points, tasks completed, and total EUs are correct and/or up to date. You can also quickly find data entry error issues by running this report. Additionally, it can help identify how many units your organization’s capacity can reasonably complete in two years.

See Exhibit J for sample.

What is in the report:

- ◇ Grant Name
- ◇ Grantee
- ◇ Borrower
- ◇ Group
- ◇ Lot
- ◇ Pledged Points
- ◇ Construction Start Date
- ◇ Construction End Date
- ◇ Months Elapsed
- ◇ Tasks Completed
- ◇ Construction Points
- ◇ Total EUs

To run the report:

- Click on Grant Construction Report.
- Click on the drop-down menu for Grantee Name and choose your organization.
- Click on the drop-down menu for Grant Name and choose the grant you would like to look at.
- Click Submit.

CONSTRUCTION TASK MATRIX FOR ALL FAMILIES

The Construction Task Matrix for All Families Report should be run for each Quarterly Review Meeting. This report helps USDA RD determine if you are staying on task with your build and can show any significant production delays. It is a great snapshot of where you are in the construction phase and how much time you might have left before conversions.

See Exhibit K for sample.

What is in the report:

- ◇ 27 Construction Tasks
- ◇ End dates for each task for each Borrower in the grant

To run the report:

- Click on Construction Task Matrix for All Families.
- Click on the drop-down menu for Grant Name and choose the grant you would like to look at.
- Type the Grant Start Date in the MM/DD/YYYY format or Click on the Calendar Icon to choose the Grant Start Date.
- Type the Grant End Date in the MM/DD/YYYY format or Click on the Calendar Icon to choose the Grant End Date or use date you're running the report.
- Click Submit.

Grantee Name: Test Entity Grant Name:* Eureka 12/2019-12/2021

As of Start Date: 12/01/2019 As of End Date: 12/31/2021

SHARES REPORT

The Shares Report should be provided at Quarterly Review Meetings and is a summary of the status and data of your program. This summary will provide the best snapshot of the program if the data is being entered into SHARES accurately and consistently. Any comments made in the Problems Tab of the Grant File will show up at the end of the report. This report pulls together all reporting requirements in the 1944-I Exhibit B-1 into one report. This report is available to be generated in different reporting periods including quarterly, grant to date, and monthly.

[See Exhibit L for sample.](#)

What is in the report:

- 1944-I required reporting information for each grant including, but not limited to,
 - ◇ Duration
 - ◇ Counties Served
 - ◇ Grant start and end dates
 - ◇ Total EUs based on reporting period ran

To run the report:

- Click on SHARES Report.
- Click on the drop-down menu for Grant Name and choose the grant you would like to look at.
- Type the Grant Start Date in the MM/DD/YYYY format or Click on the Calendar Icon to choose

the Grant Start Date.

- Type the Grant End Date in the MM/DD/YYYY format or Click on the Calendar Icon to choose the Grant End Date.
- Click Submit.

CHAPTER 10 – BEST PRACTICES

- Use lower case when searching.
- Use Exhibit P - Group Name Key Based on Status to organize all applicants and their status on the Grant Construction Report.
- Avoid using common naming conventions like Grant 1, or 2021-2023 Grant, include a unique name to distinguish from other grantees, for example initials for the subdivision and dates: BW 2021-2023.
- Review your reports for errors. Remember SHARES reports are based on AVERAGES and DATES.
 - Use the *Grant Construction Report* to look for suspected errors in your EU count, for example transposed dates such as 2013 or 2031. Since 2031 hasn't happened yet, SHARES wouldn't add the task completed in 2021 until 2031!
- Use the Metrics Tab under the Grant Module (File) to quickly view data for both Borrower and Grant data such as the number of Very Low vs Low income.
- Be sure to enter all comments (good and bad) into the Problems Tab of the Grant Module (File). USDA RD, especially the National RD Office can view the reports and/or comments in your SHARES records. It is important to keep track of anything that can or has impacted your production, your program, your staff, or your organization. These create a running record that can be used to clarify or justify requests, such as extensions. Do Not type over previous comments. Always create a new comment each time.
- Be sure to enter comments in the Comments Tab of the Borrower Module (File). These create a running record that can be used to keep track of issues or concerns that you have had with that borrower. For example, if you have a borrower that is not following the group agreement or has created problems, this is a good place to keep that information. It's easy to forget the small things that can add up to big problems. Anything kept in this section does not generate in any reports, however you can do a print screen. This is a great way to document concerns, issues and conversations on a borrower-to-borrower basis.
- The more data you enter into the system, the more data that you will be able to generate in reports. Fill in all fields in all Tabs to ensure that your reports are as accurate as possible.
- Ensure that your Executive Director or your designated signer per your grant application signs your SHARES Report for each Quarterly Review Meeting to attest to the information contained in the report.
- SAVING a hard copy of your reports quarterly is required – it's in the 1944-I Instructions.
- Use the SHARES Data Matrix to help locate data issues in reports.

CHAPTER 11 – SHARES DATA MATRIX

The SHARES Data Matrix has been provided as a tool to identify data sources within SHARES. If questions arise concerning a data issue or anomaly in a report The SHARES Data Matrix can help identify the source of the data mapping out where the original data was input, which can provide information on data entry mistakes or issues.

Family (Displays in column as the Borrower Name)	Borrower-Borrower-Last Name and First Name	

SHARES Report		
Report Column or Field	Module-Screen-Field	Additional Information
Name of Grantee	Entity-Entity-Entity Name	
Address	Entity-Address-Address Lines	
Grant Name	Grant-Grant-Grant Name	
Duration	Grant-Grant-Proposed Grant Period	

County Served	Grant-Grant-County	
Grant Start Date	Grant-Grant-Grant Start Date	
Grant End Date	Grant-Grant-Grant End Date	
Total EUs for this Period – Actual	Derived by aggregating the Points for each Task in the Construction screen (both areas Pre and Construction) where the End Date is filled and within the Date Range on the SHARES report filter screen, then multiplied by .8	
Total EUs for Period – Planned	Derived by dividing the Proposed Number of Homes by Proposed Grant Period (in months) and then multiplying by 3 (for a quarter)	
Total EUs for Grant to Date – Actual	Derived by aggregating the Points for each Task in the Construction screen (both areas Pre and Construction) where the End Date is filled then multiplied by .8	
Total EUs Grant to date – Planned	Derived by dividing the Proposed Number of Homes by Proposed Grant Period (in months) and then multiplying by the number of months since the Grant started	
Pre-construction EUs for this Period for Loans Pending	Derived by aggregating the Points earned by becoming Eligible for the Self-Help Program during the Date Range on the SHARES report filter screen and the Loan is still Pending	
Pre-construction EUs for Grant to date for Loans Pending	Derived by aggregating the Points earned by becoming Eligible for the Self-Help Program to Date and the Loan is still Pending	

<p>Total EUs for Month 1 of this Quarter</p>	<p>Derived by aggregating the Points for each Task in the Construction screen (both areas Pre and Construction) where the End Date is filled and within the first month of the Date Range on the SHARES report filter screen, then multiplied by .8</p>	
<p>Total EUs for Month 2 of this Quarter</p>	<p>Derived by aggregating the Points for each Task in the Construction screen (both areas Pre and Construction) where the End Date is filled and within the second month of the Date Range on the SHARES report filter screen, then multiplied by .8</p>	
<p>Total EUs for Month 3 of this Quarter</p>	<p>Derived by aggregating the Points for each Task in the Construction screen (both areas Pre and Construction) where the End Date is filled and within the third month of the Date Range on the SHARES report filter screen, then multiplied by .8</p>	
<p>Total Number of Houses for each Method of Construction</p>	<p>Borrower-House-Method Type. Aggregate total Houses by Method Type under the Grant.</p>	<p>Does not include Borrowers who have not been associated to a House.</p>
<p>Average for all Houses completed under this Grant – Living Area</p>	<p>Borrower-House-Living Area. Average the Living Area for each House under the Grant.</p>	<p>Does not include Borrowers who have not been associated to a House.</p>
<p>Average for all Houses completed under this Grant – Bedrooms</p>	<p>Borrower-House-Number of Bedrooms. Average the Number of Bedrooms per House under the Grant.</p>	<p>Does not include Borrowers who have not been associated to a House.</p>

Average for all Houses completed under this Grant – Bathrooms	Borrower-House-Number of Bathrooms. Average the Number of Bathrooms per House under the Grant.	Does not include Borrowers who have not been associated to a House.
Household Size for Families in this Grant	Borrower-Borrower-Household Size. Average the Household Size per Borrower under the Grant.	Does not include Borrowers who have not been associated to a House.
Number of Houses proposed under this Grant	Grant-Grant-Proposed Number of Homes	
Number of Families in Pre-Construction	Derived by aggregating the Points for each Task in the Construction screen (both areas Pre and Construction) where the End Date is filled then multiplied by .8 and then only counting those Houses where the EU = 1, i.e., it's been completed.	
Number of Families Contacted	Derived by counting the Borrowers under the Grant that have had their Eligibility determined as being eligible but still have an EU < .21	
Number of Low-Income Families	Not included in SHARES at this time but can still be tracked outside of SHARES and reported here.	Does not include Borrowers who have not been associated to a House.
Number of Very-Low Income Families	Borrower-Borrower-Income Level - Count of the number of Borrowers under the Grant where Income Level = Low	Does not include Borrowers who have not been associated to a House.
Number of Construction Supervisors	Grant-Grant-Construction Supervisors	
Number of TA Employees	Grant-Grant-Number of TA Staff	
Average Appraisal Value of Units for this	Borrower-House-Appraisal Value. Average the Appraisal Value for	Does not include Borrowers who have not been associated to a House.

Grant	all the Houses under the Grant where Appraisal Value is not null.	
Average Loan Amount for this Grant	Borrower-Borrower Funds-Amount for RD Loans and Deferred Loans.	Does not include Borrowers who do not have Loan Funds entered or Borrowers who have not been associated to a House.
Average Time needed to construct a house under this Grant	Average Number of Days to complete a House under the Grant.	Does not include Borrowers who have not been associated to a House.
Number of Days between submission of Self-Help Borrower's docket and approval/rejection	Average Number of Days between (Borrower-Borrower-Application Completed Date) Borrower Submission and the Date the Loan was Borrower-Dates-Approved Date or Borrower- Dates-Application Rejection Date.	
Total number of loan dockets approved or rejected	Total number of Borrowers under the Grant where the Borrower-Dates-Date Approved is filled or Borrower-Dates-Application Rejection Date is filled.	
Total number of docket rejections Grant to Date	Total number of Borrowers under the Grant where the Borrower-Dates-Date Approved is filled or Borrower-Dates-Application Rejection Date is filled.	
Grantee's ability to accomplish program objectives?

CHAPTER 12 – TROUBLESHOOTING

Problem	Prevention	Fix
Multiple entries for Borrowers as files or in reports	Ensure that all steps are performed in the correct order for entering Borrowers and Grant Information.	Follow directions in Chapter 8 for deleting a borrower. Take down all information for borrower that is being duplicated then Delete all entries for that Borrower. After deleting the Borrower create a new file for them by following the directions in Chapter 6.
Unable to open the Construction Tab	Without a lot or house the construction tab will be unavailable.	Ensure that you have a lot and house attached to the Borrower File.
Duplicate tasks showing on the Construction Tab	Ensure that all steps are performed in the correct order for entering Borrowers and Grant Information.	Follow directions in Chapter 8 for deleting a borrower. Take down all information for borrower that is being duplicated then Delete all entries for that Borrower. After deleting the Borrower create a new file for them by following the directions in Chapter 6.
EU's are not accurate	Always choose unique grant names and group names. Fill out all necessary data in each Tab.	<ul style="list-style-type: none"> • Ensure that your grant name is unique and contains both numbers and names. If it is not, change the grant name in the Grant Module (File). • Ensure that group name is unique and contains both numbers and names. If it is not, change the group name in all Borrower Files in that group. • Run a construction report to review and ensure that your dates have all been entered correctly.

<p>Comments not showing up in SHARES Report</p>	<p>Ensure the dates match the report dates that are being run.</p>	<p>Ensure that the dates are correct and match the dates for the period you are reporting for (i.e. Monthly, Quarterly to Date reports). Additionally, ensure that the time period is set to the appropriate period that coincides with your dates.</p>
<p>No SHARES role defined for you</p>	<p>Ensure you followed all steps to gain access to SHARES.</p>	<ul style="list-style-type: none"> • Create an account at https://shares.sc.egov.usda.gov • Confirm your identity with USDA RD • Contact your regional TRC and give them your full name that was used to sign up (including middle name or initial if one was used), your company name, address, phone number and your new login username you signed up with (do not send password)
<p>Your Reports are not generating</p>	<p>Determined by the fix that was used.</p>	<ul style="list-style-type: none"> • Check your downloads file in your browser. • Look at the bottom of your browser page. • Clear your Cache and Cookies from your Browser and restart your computer.
<p>Unable to login to SHARES</p>	<ul style="list-style-type: none"> • Ensure all steps are followed for signing up for SHARES. • Keep your email address/username and password in secure location. • Ensure SHARES access has 	<ul style="list-style-type: none"> • Create an account at https://shares.sc.egov.usda.gov • Confirm your identity with USDA RD <p>Contact your regional TRC and give them your full name that was used to</p>

	<p>been granted.</p> <ul style="list-style-type: none"> • Ensure that regional TRC provider is notified of Name changes or Account Updates you made on the SHARES login Screen. 	<p>sign up (including middle name or initial if one was used), your company name, address, phone number and your new login username you signed up with (do not send password).</p>
<p>Very low- and Low-Income status does not show in reports</p>	<p>None</p>	<p>The loans must be closed for the status to be populated in reports.</p>
<p>Grant Funds Report is missing data</p>	<p>Ensure all data is filled in, in the Grant Module (File)</p>	<p>Fill in Proposed Grant amount and Grant period on Grant Tab then fill in both Funds Received and Funds Used amounts in the Grant Funds Tab.</p>
<p>Missing points for construction tasks</p>	<p>Ensure that Construction Style has the correct style choice chosen.</p>	<p>Open the Borrower’s Module (File) that is missing points then click on the House Tab and ensure that you have the correct style chosen for the Construction Style field.</p>

Exhibit L – SHARES Report

As of : Oct 29,2021		Quarterly Evaluation Report for Self-Help Technical Assistance Grants	
		Evaluation for period starting 07/01/2021 to 09/30/2021	
1.	a. Name of Grantee :	Test Entity	
	b. Address :	12345 West Main, Hometown, MO 63026	
2.	a. Grant Name :	Eureka 12/2019-12/2021	
	Duration :	36 months	
	b. Counties Served :	Alamosa	
	c. Grant Start Date :	12/20/2019	Grant Extension Date : 12/19/2022
	Grant End Date	12/19/2021	
3.		Actual	Planned
	a: Total EUs for this period:	0.000	1.995
	b: Total EUs for this grant-to-date:	3.956	14.225
	c: Preconstruction EUs for this period for loans that are pending:	0	
	d: Preconstruction EUs for grant-to-date loans that are pending:	0.1	
	e. Total EUs for month 1 of this quarter :	0.0	
	f. Total EUs for month 2 of this quarter :	0.0	
	g. Total EUs for month 3 of this quarter :	0.0	
4.	a. Total number of houses for each method of construction:		
	Stock	7	
	b. Average statistics for all houses constructed under this grant:		
	Living Area :	1544	
	Bedrooms :	3	
	Bathrooms :	2	
	c. Household size of families in this grant:		
	2 persons :	1	
	3 persons :	3	
	4 persons :	3	
5.	a. Number of houses proposed under this grant:	24	
	b. Number of houses completed under this grant :	2	
	c. Number of houses currently under construction :	5	
	d. Number of families in preconstruction :	1	
	e. Number of families contacted :	6	
	f. Number of low-income families :	3	
	g. Number of very-low-income families :	3	
	h. Number of construction supervisors:	2	
	i. Number of TA Employees :	8	
	j. Average Appraisal Value of units for this grant :	\$230,777.78	
	k. Average Loan Amount for this grant :	\$185,544.44	
6.	a. Average days needed to construct a house under this grant :	291 days	
	b. Number of days between submission of self-help borrower's docket and approval/rejection :	24	
	c. Total number of loan dockets approved or rejected :	13	
	d. Total number of Loan docket rejections for grant-to-date :	0	
	Percentage of loan docket rejections for grant-to-date :	0.00	

7. a. Did any of the following adversely affect the Grantee's ability to accomplish program objectives ?

1.TA Staff turnover	Yes
2.RD Staff turnover	No
3.Bad weather	No
4.Loan processing delays	Yes
5.Site acquisition and development	No
6.Unavailable loan/grant funds	No
7.Lack of participants	Yes
8.Communication between RD/Grantee	No
9.Other Problems or Comments	Yes

b. Comments

Lack of participants

There has been a severe slow down of applicants in our area. Will need to try some new types of marketing.

b. Comments

Loan processing delays

Due to staff changes at the local RD office there have been processing delays on SH Loans.

b. Comments

Other Problems or Comments

We have had to close the jobsite for two weeks due to possible exposure to COVID

b. Comments

TA Staff turnover

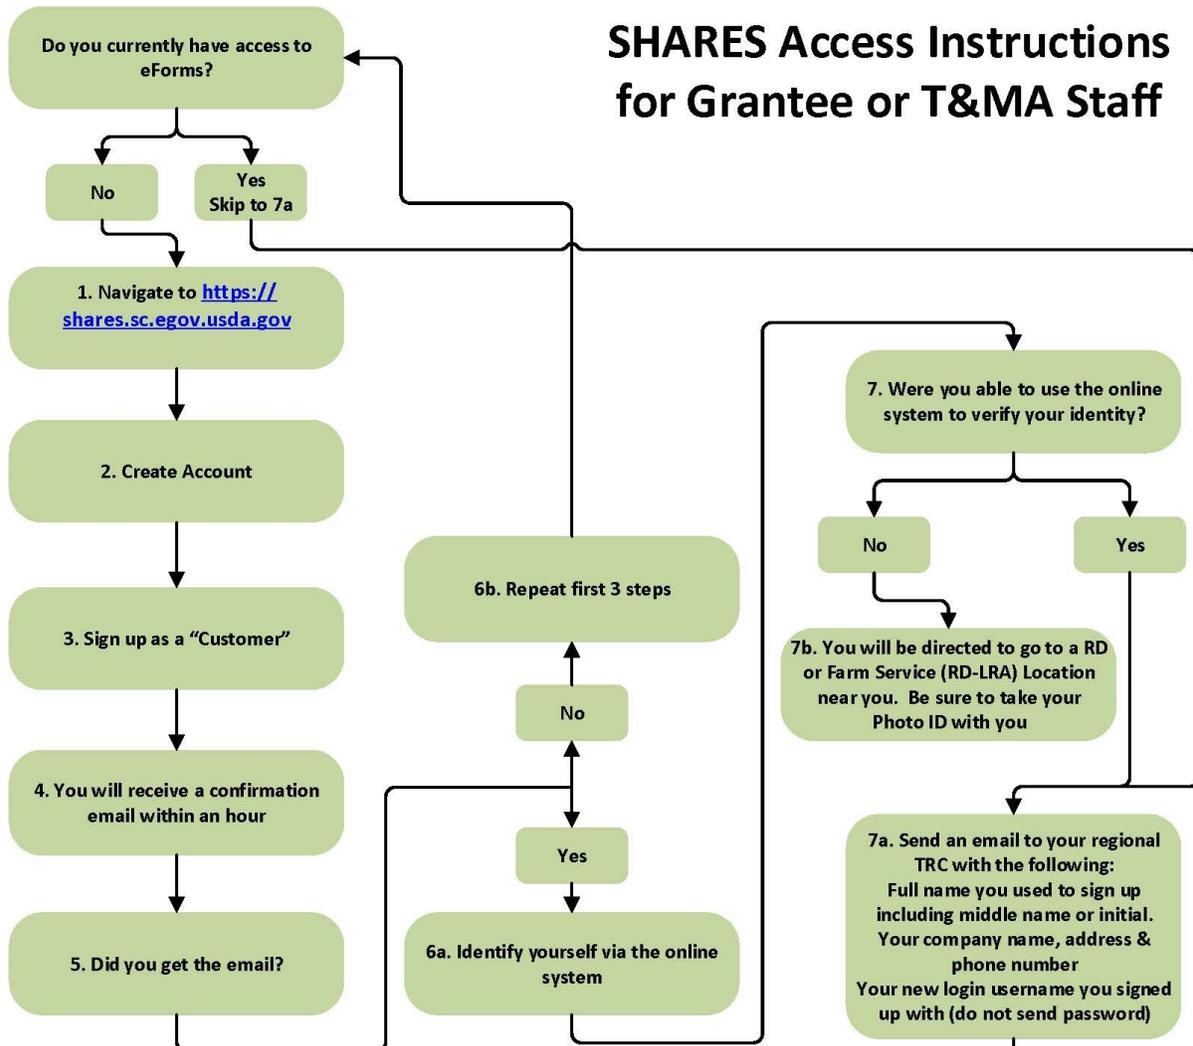

We have been assigned a new TA provider in August.

Questions?
Please contact the SHARES Technical Resource Coordinator (TRC) with your regional Technical & Management Assistance organization.

REV 03/2022

Exhibit N – SHARES – Borrower Dates & Construction Tabs-TRC

SHARES

Borrower Dates Tab & Construction Tab

Fields with Green Arrows are required. All other fields should be filled out as well, but they are not required. (See green description below)

- **Initial contact** = original contact with potential applicant.
- **Application received** = refers to the PRE-QUAL application. This is the minimum info needed to determine if they are within income and debt ranges and will determine if you continue with the applicant.
- **Package Submitted to RD Date** = This date is for the PRE-QUAL NOT the full application (Many RD offices no longer use this)
- **Date of Pre-Qualification** = If a PRE-Qual went to RD, this is the date RD has pre-qualified the applicant. (Many RD offices no longer do this)
- **Application Completed Date** = Date the full application was sent to RD
- **Eligibility Determined** = Date RD issues the Letter of Eligibility
- **Approved Date** = Date appraisal packet was submitted to RD.
- **Loan Closed Date** = Date that the mortgage and deed are recorded and loan closing happens.
- **Preconstruction Conference Date** = This conference could be held by the organization or RD or a combination of both.
- **Construction Docket Submitted Date** = RD date - You do not need to enter this
- **Date Under Construction** = This will autofill based on the Start date of the first task on the Construction Tab.

- **Final Inspection Date** = This is the date construction ended for the entire group. The date the last home under construction finished as was inspected.

Both these dates can help you track how long each individual grant took to complete construction. Remember SHARES averages. It will average the total construction time over the whole grant but these Dates can tell you how long each build took!

- **Application Withdrawn Date and Application Rejection Date** = Are as they are stated and should be filled in when either situation occurs. We don't often see an application rejected because grantees don't usually submit files that won't be approved but it does happen. The Withdrawn date is important when someone drops out and typically a new borrower takes over the home or an applicant withdraws after getting their letter of eligibility.

Note: The Actual Start and Actual End dates are automatically filled in by the dates in the Dates Tab.

- **Phase I Actual Start** = Application Completed Date
- **Phase I Actual End** = Eligibility Determined Date
- **Phase II Start** = Appraisal Packet Submission

Borrower

Exhibit O – SHARES – Adding Extensions and Supplementals-TRC

Adding Extensions and Supplementals in SHARES

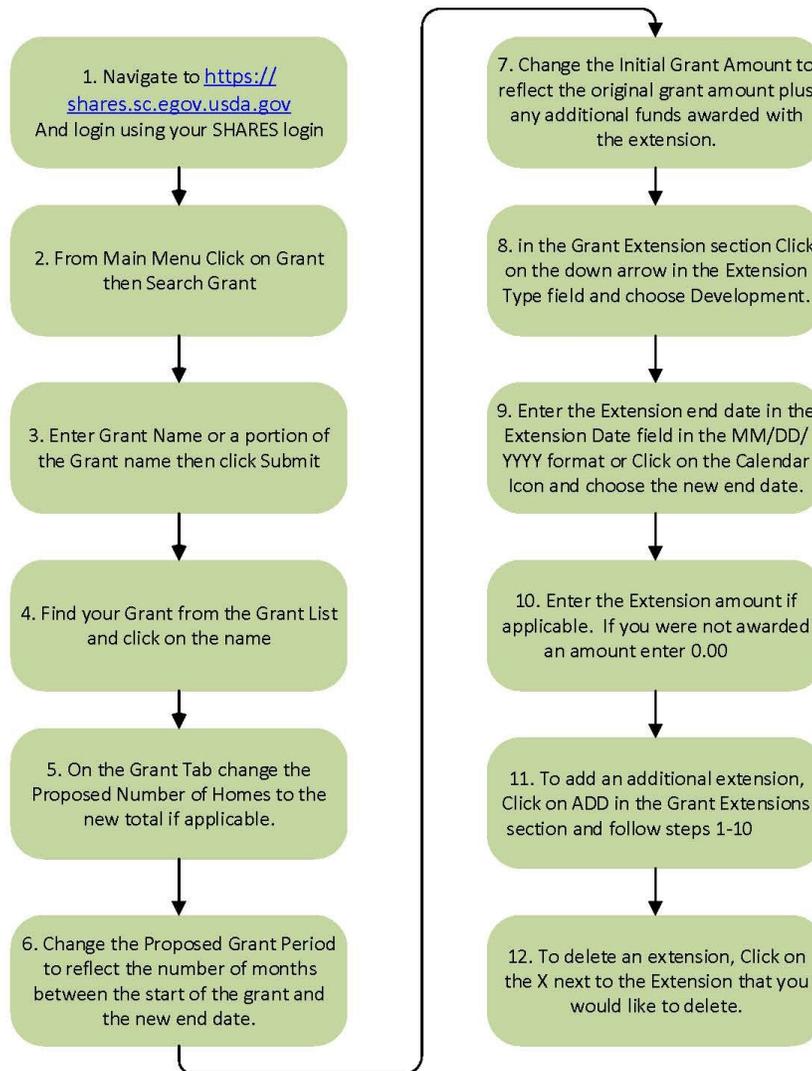

Exhibit P - SHARES - Group Name Key Based on Status

**SHARES
Group Name Key Based on Status**

Group Name/Status	Description
Inquiry	They have given their information and inquired about the program.
Pre-qual	They have started the prequalification process with Grantee.
Processing	The Grantee has started processing the full application.
RD	The application has been sent to RD for processing.
Withdrawn/Rejected	The applicant has withdrawn, is no longer interested in the program or has received a rejection notice.
Eligible	They have received a letter of eligibility but have not been assigned to a group.
Group Name	They have received a letter of eligibility and have been assigned to a group.

Type the Group Name/Status in the Group field on Borrower Tab in SHARES to ensure that they sort properly in the Grant Construction Report. (See screen print below)

It is recommended that all inquiries, even if they do not start the program, are entered into SHARES as contacts for the program. This is the best way to show USDA RD how many applicants you go through to process one eligible application. It is also a good indicator of how well you are following your Affirmative Fair Housing Marketing Plan and if you need to update or change your marketing strategies.

****Important to Note: There is minimal time investment and information needed to ensure that all contacts are entered into SHARES. (See highlighted yellow areas for required information)**
